All of our meats are fully cooked and ready to serve. They can be served cold, at room temperature, or warmed. All of our sides are fully cooked and only need to be heated. All of our sides are made fresh, in house, and should be refrigerated and eaten within 7 days. After 7 days any remaining meat can be frozen and will stay good in the freezer for 6 months.

Glazed Honey Ham - We recommend serving our ham at room temperature. Set covered ham out for approximately an hour before you plan to serve it. If you choose to warm the ham, place the ham in an oven-safe pan and heat at 250° for 45 minutes. Remove foil prior to putting in oven so glaze will remain in tact. Remember that the ham is fully cooked; you are merely heating it up.

Turkey Breast - Remove turkey from wrapping and place in an oven-safe dish. Add a tablespoon of water and cover with foil. Heat at 250° for 10 minutes per pound or until the center of the turkey is warm. Remember that the turkey is fully cooked; you are merely heating it up.
